The count of cash in the United States Treasury has been completed, and some foolish Republicans are disposed to shout because the total reaches more than \$600,-000,000, forgetting that there are liabilities outstanding against this amount in the shape of gold certificates, silver certificates silver Tressury notes and United States notes, (greenbacks) amounting to \$813.743.084, which puts a very different

"An honest man is the noblest work of God." It looks that way in the light of daily events.

On Tuesday of last week an immense throng of people assembled in Lexington Va., to witness the unveiling of a monument to the memory of Gen. Stonewall Jackson. Gen. Wade Hampton presided over the exercises of the day, and Gen. Jubal A. Early made the oration. The survivors of the Confederacy and the Southern people of to-day manifested seain on that occasion the enduring admiration and love they bear for the principles for which our people fought and for those who fought our country's bat-Ues. Our people will never repudiate the principles on which the Confederate government was founded, nor be ashamed of her soldiers who fought for those principles. Gen. Early closed his speech with this sentence, which was greeted with tumultuous applause by 25,000 persons: "I trust that every faithful soldier of the Army of Northern Virginia is scorn of all brave men and all good women be my portion."

James B. Williams, who killed Maj. W. A. Williams about a game of cards in Greenville last February, was acquitthe sorrow of many Greenville people. The defendant had employed able lawyers, one of whom was Gen. Leroy F. Youmans, of Columbia. The Solicitor was assisted by Col. Jas. S. Cothran. Every point was closely watched and fought. It is possible that the dead manwho was a bad man—was so much praised and so often spoken of as a hero that undue sympathy was aroused for the murderer, who seems to be a professional gambler, and in whom no one has seen

Last Tuesday the Corner Stone of Clemson College was laid by the Masons with the usual ceremonies. A very large crowd gathered to witness this event, Esthwithstanding the weather was very inclement, and rain fell at intervals. Most Worshipful Grand Master Izlar presided, and conducted the ceremonies. The Masons assembled in Mechanical Hall, and went in procession from thence to the College sits. After the ceremonies, the vast concourse of people assembled at a stand prepared for the occasion. Gov. Tillman, Maj. G. Lamb Buist, of Charleston, and Col. L. L. Polk, of North Carolina, were the invited speakers. The two last named made exceptionably fine speeches, which abounded in sound sense, fine rhetoric and eloquent oratory. It is thought that there were at least three thousand people present. A good many ladies were among the crowd. There were a great many deposits placed in the vault of the Corner Stone, but it was not filled. The very best of order prevailed, and everything passed off quietly. The work at Fort Hill seems to be progressing very well. Several of the residences for the Professors are compleied, and Mechanical Hall, Agricultural Hall, and other buildings, are nearing completion. The foundation of the College is laid, and the work on it will be pushed forward. The Board of Trustees met Wednesday to complete the selection of Professors. Starvation in Texas.

RIO GRANDE CITY., TEXAS, July 23 .-The destitution on both sides of the Rio Grande for hundreds of miles is appalling. For three years a continuous drought, except in this (Starr) county, where a tolerable crop was raised, has caused many deaths from actual starvation, and at Starr Station the people are despairing. The ranks of the professional murder-

ers and bandits will be swelled by those driven to crime by hunger. In Brownsville and Matamoras beggary was never greater nor the means to relieve the poor less. It is too late for a Fall crop and the prospect is dismal.

PUNTA GORDA, FLA., July 21.-Miss Lee Ritchie shot and mortally wounded Howard R. Both were highly connected and social favorites.

ST. Louis, July 23 .- This afternoon, George Anderson, a saloon keeper of this city, walked across the street to where Dennis Ryan, a rival saloon keeper, was standing, and drawing a revolver, shot Ryan through the heart, killing him in-stantly. The men were apparently good friends.

PLATTEVILLE, WIS., July 27.—The cylinder mill of the Lawflin Rand Powder Company, in which 300 kegs of powder were in process of making, was blown up this morning, completely demolishing the building and causing the loss of one life. It is supposed that his whole body was blown to atoms.

WATERLOO, IOWA., July 26.—Just after noon yesterday, Misses Bertha and Mary Thompson, daughters of A. G. Thompson, of Cedar Falls, were drowned in Cedar River, a short distance from that city. They had been camping with friends, and yesterday afternoon went in bathing alone. Bertha got beyond her depth and sank immediately, when Mary went to her assistance and both were drowned. The subjects of inquiry on the part of Mr. Gavitt were the health of Secretary Blaine and his attitude respecting the earnest desire of a multitude of his admirers in the Republican party that he become its standard bearer in 1892. - It would be interesting to know how the reforms demanded are to be brought about by breaking up the democratic party in the South, and thus destroying the strength and efficiency of an organization which is not only working with the Alliance, but which is practically conit.
